The VD-310 indicator includes the possibility of programming 200 counting-pieces PLU's (CLU's). These CLU's are common for both platforms. The VD-310 working in counting pieces mode can be used in two different ways: sampling mode and counting pieces PLU's (CLU's).

3.6.1. Operative in sampling counting pieces mode.

Reviews (0) The Dibal model VD-310 is an excellent, low-cost, general purpose digital weight indicator used by many companies for non-trade platform scales and freight scales. The indicator's casing is constructed of strong ABS plastic and the display digits are especially large and bright, making it excellent for indoor use.
