Italian-born Ludovico Einaudi's Piano music has struck a chord with audiences across the world, and his distinctive meditative style has confirmed his place in the music industry. His albums have soared high in the classical charts and his recitals have been sell-outs. This is Ludovico Einaudi's new project, Nightbook - a musical meditation on the transition between light and darkness, the known and the unknown. Expressive and with a more open compositional structure, sonic colours are created through the close blending of the Piano with the Strings and percussion and from the use of electronics which amplifies the sound of the Piano, projecting it like a shadow in all directions. The project grew out of the ideas and "musical sketches" that Einaudi jotted down in a notebook whilst on tour around the world. Einaudi describes the project as A night-time landscape. A garden faintly visible under the dull glow of the night sky. A few stars dotting the darkness above, shadows of the trees all around. Light shining from a window behind me. What I can see is familiar, but it seems alien at the same time. It's like a dream - anything may happen. Selections of expressive and contemplative songs from the album have all been specially transcribed for solo Piano.

For the first time, all of Einaudi's best known music in a single collection, for solo Piano. Also included are two brand new tracks, The Earth Prelude and High Heels, as well as two remixed versions of Lady Labyrinth and Eros.

A selection of songs from Einaudi's 2007 album, specially transcribed for solo Piano. The composer writes, In this folio you will find most of the music from the Divenire album. There are a number of pieces in this book, particularly those that are accompanied by orchestra or feature electronic sounds, that I have altered in order to achieve a better solo piano transcription. I have also replaced the piece Svanire, for cello and strings, with Luce, a solo piano piece that is available on iTunes as a bonus track.
