especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. The narrative—sometimes shocking, other times hilarious in its absurdity—gives the reader a real life understanding of how gun-control laws only make it more difficult for honest, law-abiding people to get guns, while violent crime continues to rise. Using facts and newly uncovered research, Miller exposes the schemes politicians on Capitol Hill, in the White House, and around the country are using to deny people their Second Amendment rights. She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms. The gun rights debate isn't just about firearms. It's about protecting a fundamental right that is enshrined in the U.S. Constitution. It's about politicians who lie, manipulate, and outright break existing laws to get what they want. It's about President Obama wanting a bigger federal government to control you. Not just your guns—you. The fight for gun rights is the fight for freedom. Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go.
