Parecon is the great equalizer of class privilege and class power, which is why the coordinator-class left is so opposed to it. There is, however, no other strategy that's ever going to win M4A. You might say that, in theory, workers could just shut down the economy until the capitalists relented on M4A.

is an economic system based on participatory decision making as the primary economic mechanism for allocation in society. In the system, the say in decision-making is proportional to the impact on a person or group of people. Participatory economics is a form of socialist decentralized planned economy involving the common ownership of the means of production. It is a proposed alternative to contemporary capitalism and centralized planning. This
