We are using Saxon Math Intermediate 3 by Hake. We are happy with the hardbound text, but I bought this book hoping that my son wouldn't have to write out his Lesson Practice problems anymore. The problem with this workbook is that it is an exact reproduction of the Lesson Practice problems in the book.

Saxon Math Intermediate 3, 4, and 5 were written by Stephen Hake and, consequently, are more similar to the upper level books than to the K-3 series. Those just starting into Saxon Math at third grade level should probably go with Math Intermediate 3 since it ensures a more familiar transition into either Math Intermediate 4 or Math 5/4 .
